JACKSONVILLE, ILLINOIS, WEDNESDAY, JUNE 5, 1912

PRICE THREE CENTS—

MANY TANGLES
FACE COMMITTEE

ALL IN READINESS FOR MEETING OF REPUBLICAN NATIONAL ORGANIZATION THURSDAY.

Right of Rosewater to Act as Chairman Will Be Decided Early—Two New Contests Have Come to Notice—Now Seems Certain That Roosevelt Will Attend Convention.

Chicago, June 4.—Preparations were completed to night for the meeting of the Republican national committee Thursday morning. The committee faces a tangle such as perhaps has never confronted a national committee of the party on the eve of a convention.

The right of the newly chosen committee to seats; the question of open hearings of the more than 200 delegate contests; the prospect of a fight to the finish on the selection of Senator Elihu Root for temporary chairman; and the belief that Col. Roosevelt and his associates will carry into the convention their fight for the seating of their contesting delegates are some of the problems engrossing the attention of Chairman Harry S. New and the other members of the sub-committee on arrangements.

It is the belief of national committee men in the city that the right of R. B. Howell of Nebraska to the seat now held by Victor Rosewater will be settled as soon as the committee meets for organization Thursday morning. The calling of the roll will bring Mr. Rosewater's seat into controversy. It is expected that the contest will be decided against Mr. Rosewater, which is not expected to name Mr. Rosewater as chairman of the committee to serve until the committee shall go out of existence after the national convention.

Roosevelt forces are expecting the arrival of National Committee man William L. Ward of New York, who is looked upon as the prospective leader of Roosevelt activities in the national committee. Reports that William Barnes, Jr., the Taft leader in New York, might hold a proxy in the committee further complicated the situation to day.

The national committee will meet at 10:30 o'clock Thursday morning. Its first regular business will be to name a chairman. Acting Chairman Rosewater probably will be named to succeed the late John P. Hill of Maine. It is said. Consideration of new rules and other preliminary business will occupy Thursday sessions, and contest cases probably will not be taken up until Friday morning. The first note of enthusiasm was thrown into hotel corridors to night, when part of the Roosevelt national headquarters force arrived from Washington. A group of a dozen employees of the headquarters gathered around the hotel desk and signaled the arrival by singing a parody on the "Houn' Dawg" song, the chief refrain of which ran:

"You bet they ain't a-kickin' Teddy's dawg around."

Rumors were current to day that Col. Roosevelt would be on hand before the convention preliminaries were out of the way. It was asserted by Republican leaders who arrived from the east that the colonel expected to be on hand, not only to take part in convention proceedings, but to direct the activities of the Roosevelt "flying wedge," which is being organized and drilled for propaganda work among the delegates.

Two new contests and two new cases where the number of delegates exceeds the allotment, were added to day to the cases prepared for submission to the national committee in the fourth Virginia and the third North Carolina districts. Contest cases have been prepared and in the thirteen and the sixteenth Missouri districts, double the number of allotted delegates were chosen.

The number of contested delegates including cases where extra delegates were chosen, now number 238. Additions may be made to this number. Secretary William Hayward received telegrams from the two factions in Arizona announcing the proposed filing of contest briefs. The Arizona cases will not be taken up in regular order, but will be on hand up until the briefs are on hand.

It is said by Taft leaders that, although Senators Penrose of Pennsylvania and Crane of Massachusetts will arrive tomorrow and be here when the committee organizes for work they will be represented by proxy during latter sessions. Representative Olmstead will sit for Senator Penrose and Representative Lawrence for Senator Crane. It is said, so that the two members of the senate may return to Washington.

Chairman New of the sub-committee on arrangements to day declared that the committee would have to go outside the New family to fill that position in the future.

"My father was the first chairman of that committee in 1880," said Mr. New, "he was chairman of it three times, and I have been chairman three times, but I am through with it. They will have to go outside the New family next time."

Newark, June 4.—Markaret Elizabeth Sangster, poet and author died early today at her home at Maplewood, a suburb. She was 74 years old.

LEADERS FROM
EAST IN CHICAGO

MAIN ADVANCE TOWARD CHICAGO CONVENTION STARTED TUESDAY AFTERNOON.

Taft and Roosevelt Adherents on Board the "Harmony Special"—Chairman Barnes Will Start West Monday—Eastern Committee Men Favor Open Contest Hearings.

New York, June 4.—The main advance on Chicago of Republican leaders from the eastern states got under way this afternoon, when a special car, attached to the Twentieth Century Limited, bearing both Taft and Roosevelt leaders left for the convention city. The leaders jokingly described their car as the "harmony special."

Senator Dixon of Montana left for Chicago on the Pennsylvania special.

Those aboard the special car included National Committee man William L. Ward of New York; National Committee man Charles F. Brooker of Connecticut; National Committee man T. Coleman Dunt of Delaware; Judge Charles Duell, chairman of the Roosevelt city committee; Frank Kellogg, of Minnesota; J. W. Hutchinson, Jr., president of the Taft Eastern League; Former Congressman Lucius N. Littauer, of Gloversville, N. Y., and Lafayette B. Gleason, secretary of the Republican state committee.

State Chairman Barnes expects to depart for Chicago next Monday and will make his headquarters at the Auditorium Annex.

All three national committee men—Ward, Brooker and Dunt—were agreed before leaving this afternoon that the sessions of the national committee should be open to the press that the public might know of the contest proceedings.

ROSEWATER MAKES
CAUSTIC STATEMENT

Says Br. Howell is Unduly Anxious to Enter Upon Duties and Cities South Dakota For Correct Precedent.

Omaha, Neb., June 4.—Victor Rosewater, acting chairman of the Republican national committee in a caustic statement made public today discusses the coming meeting of the Republican national committee giving special attention to the demand of R. B. Howell, the newly elected committeeman from Nebraska that he be immediately given the seat from Nebraska now occupied by Mr. Rosewater.

Mr. Rosewater says the election of delegates at a primary is not new to South Dakota which chose its representative member of the national committee by that method four years ago. Mr. Rosewater compares the action of that committeeman with the course being pursued now by Mr. Howell.

"The South Dakota member, Thomas Thorson," Mr. Rosewater says, "had four years ago the same kind of a certificate of election duly embossed with the great seal of the state, that my impatient successor is carrying around with him under guard. But Mr. Thorson never thought to supplant the preceding member from South Dakota in advance of the convention from which the title of authority of the national committee is regularly derived."

While considerable discussion has naturally been evoked in the newspapers greatly by the peculiar proposal of the impatient gentleman, I have yet to find any comment in any newspaper offering him any word of encouragement or consolation."

PAY TRIBUTE TO
DEAD CONGRESSMAN

House Adjourned Early Out of Respect for Late Mr. Hubbard—Congress to Be Represented at Funeral.

Washington, June 4.—The house adjourned earlier than usual out of respect for the memory of Representative Hubbard, who died to day. Speaker Clark appointed the following members as a committee to represent the house at the funeral:

All of the members of the Iowa delegation and the following representatives: Lloyd, Mo.; Davis, Minn.; Tenor, Wis.; Lobeck, Neb., and Ayres, New York.

On motion of Senator Cummins the senate adjourned at 6:15 p. m., out of respect for the memory of Mr. Hubbard. Senators Cummins and Kenyon of Iowa and Senators Overman, Borah, Shively, Crawford, Grona and Hitchcock were appointed a committee on behalf of the senate to attend the funeral.

POPE RECEIVED
BISHOP KENNEDY.

Rome, June 4.—The pope, to day, received Bishop Kennedy, rector of the American college in Rome, who presented the sixty Paulist choristers of Chicago and Father William F. Flinn, who accompanied them. The boys sang for the pontiff, from whom they received the warmest praises. They also sang for Cardinal Merry Del Val, the papal secretary of state.

COL. ROOSEVELT
WINNER AGAIN

SOUTH DAKOTA PLURALITY BIG FOR EX-PRESIDENT.

Returns Indicate Lead Over Taft by Several Thousand, With Solid Delegation to National Convention—Wilson Has Small Lead Over Rival.

Sioux Falls, S. D., June 4.—All returns had been received from about 120 out of 1,500 late tonight. They pointed to a victory for Theodore Roosevelt in the South Dakota primaries held today. Newspaper computing the final result on the basis of these returns, figured the plurality of the president from 5,900 to 12,000.

On the Democratic ticket Governor Wilson appeared to have a small lead but the returns were too few to indicate a decisive result.

For United States senator, Thomas Sterling, Republican, was leading Senator Gamble on the returns available and Edward S. Johnson, Democrat, had a good lead over P. F. Wickham.

Frank M. Byrne of Faulkton, the Republican candidate for governor, was well in the lead over his opponent, George W. Egan, of Sioux Falls. The indications are that Col. Roosevelt will have a solid delegation from this state to the national convention.

Pierre, S. D., June 4.—Roosevelt carried the South Dakota primaries today by a substantial plurality, according to the claims of the Roosevelt headquarters here tonight. No figures are given to prove the assertion as returns are scattering and slow.

All the figures on the voting received thus far indicate a victory for Roosevelt. In some places Taft ran third, with LaFollette second, while in others Taft was nearly even with Roosevelt with LaFollette a poor third.

According to returns received at the Roosevelt headquarters, Taft's leading won the senatorial race from Senator Gamble and Richards. Reports received here indicate that Congressman Martin was nominated for re-election in the first district and that Congressman Burkley a close vote carried the second district. The same returns indicate the nomination of O. S. Branson in the first district.

Returns on the state ticket received here indicate that the progressives are well in the lead, except on lieutenant governor.

MAY MAKE ATTACK
ON CAPITAL

Gen. Orozco Sanctions Zapata's Movement on Mexico City.

Chihuahua, Mex., June 4.—General Apolun Orozco, chief of the revolution in Northern Mexico, to day formally sanctioned an attack on Mexico City by Emiliano Zapata, rebel leader in the south. An emissary from Zapata was to day informed by Orozco that he would permit the attack on the Mexican capital, providing the southern leader would not molest foreigners and could dominate the situation. The sending of the envoy to Orozco confirms earlier claims of the rebels in the north that they are acting in unison with those in the south against President Madero.

KENYON CHOSEN
BY BIG VOTE

Iowa Senator Renominated by More Than 50,000—The Other Nominees.

Des Moines, June 4.—Senator W. S. Kenyon was nominated to succeed himself by a majority of between 50,000 and 75,000 votes over Lafayette Young of Des Moines in yesterday's state wide primary, according to incomplete returns to night. Complete returns, it is believed, will show that Senator Kenyon carried 90 of the 99 counties in Iowa.

D. W. Hamilton of Skidmore was unopposed for the nomination for Democratic senator.

P. G. Holden to night conceded that George W. Clarke, of Adel will be the Republican nominee for governor.

E. G. Dunn of Mason City will receive the Democratic nomination for governor over J. T. Hamilton of Cedar Rapids by a majority of 5,000 incomplete returns indicated.

The Democratic vote yesterday was the highest polled in many years.

Although returns on the congressional vote are extremely slow in coming in, enough have been received to indicate that the entire Iowa delegation to congress will be re-nominated. With the exception of R. H. Hubbard of the eleventh district, who died to day after victory had been assured, all present members probably will be candidates for re-election.

DUELIST GETS TWO OYEARS.

Rastatt, Germany, June 4.—Staff Surgeon Bruening, who killed Lieut. Springer in a revolver duel on May 3, was today sentenced to two years imprisonment. Both men were officers of the thirteenth field artillery regiment and their encounter served to stimulate the opposition to duelling in the army.

VOTE ON LORIMER
TO BE DELAYED

Action Not Likely Until After National Conventions—Need For Full Attendance Pointed Out.

Washington, June 4.—The vote of the senate on the resolution declaring the election of Senator Lorimer of Illinois invalid will not be taken until after the national conventions in negotiations now in progress between his supporters and opponents in the senate prove successful.

The suggestion for the postponement was made to Senators Lea and Kern today by Senator Dillingham, chairman of the Lorimer committee. Mr. Dillingham did not indicate a purpose of pressing the suggestion, but he pointed out the necessity for a full attendance, which it would be difficult to obtain before during the great political meetings.

The opposing senators acknowledged the force of the point, but did not indicate their decision. They are more concerned about a vote before adjournment than about the exact date and probably will fall in with the majority and agree to let the vote go over.

Senator Kern expects to conclude his opposing speech tomorrow. He will be followed by Senator Dillingham in support of Lorimer and in turn by Senator Lea in opposition.

TESTIMONY CONCLUDED.

Judge Archbald Declined to Go On Witness Stand in His Own Re-hall.

Washington, June 4.—Investigation by the judiciary committee of the house into charges of improper conduct against Judge Robert W. Archbald of the commerce court was concluded today in so far as taking of testimony is concerned. As to what action will be taken, the committee will discuss in executive session tomorrow.

Judge Archbald declined an opportunity to defend himself by going on the witness stand. The only defense offered by his attorney, Col. Worthington, who read into the record the judge's statement in court when he imposed the fines of \$1 on the officials of the wire trust who were indicted.

SENATE WILL LACT
IN CUBAN AFFAIRS.

Havana, June 4.—The senate committee on laws reported this evening a recommendation for the passage of a law empowering President Gomez to suspend the constitutional guarantees, but only in the province of Oriente. The house will probably pass the bill tomorrow.

It is reported that the United States gunboat Pudueh will arrive at Santiago some time tonight.

There is acute alarm at Santiago on account of the presence of strong bodies of rebels, some of which have advanced and exchanged shots with the police and guards.

Extraordinarily police precautions continue at Havana in consequence of the persistence of the rumors of an intended negro uprising.

The town of Jaruahui near Guantanamo, has been captured by the insurgents who sacked and burned it. They also destroyed several coffee plantations nearby.

DENIES "RUM" CON-
VENTION STORY.

Washington, June 4.—D. B. Atherton, secretary and treasurer of the National Republican League, with which John Hays Hammond is connected, to day denied that the first regiment armory in Chicago had been engaged for a rum Republican convention. Atherton declared that the league had engaged the armory for a rally following the nomination of a Republican candidate for president.

ROOSEVELT TALKS
OF OHIO RESULT

CALLS RECENT DELEGATE ACTION MORE POLITICAL BRIGANDAGE.

Says Will of the Plain People Has Again Been Ignored by the Party Bosses—Sample of Government by a Representative Part of the People—Adjusting Telegraph Wires at Sagamore Hill.

Oyster Bay, N. Y., June 4.—"Pure political brigandage," said Col. Roosevelt to night of the capture of Ohio's six delegates at large to the Republican national convention by supporters of President Taft. He said it was a fresh and conclusive proof that Mr. Taft and his advisers care nothing for the will of the people.

The former president also replied whom they wanted to have as president, whom he attacked as a disciple of bossism.

In his statement Col. Roosevelt said in part:

"The plain people of the Republican party of Ohio have just held a state-wide primary in which they repudiated Mr. Taft by over 30,000 majority."

"The politicians by adroit manipulation have succeeded in giving Mr. Taft the six delegates at large in the frank and open defiance of the emphatic action of the people themselves. This is, of course, pure political brigandage. In this fight I have from beginning to end sought to give the people the right to say any reference to the methods by which the nomination was made. I did not wish the nomination unless the majority of the rank and file of the Republican party wished me to have it."

"This action in Ohio is merely a fresh and conclusive proof that Mr. Taft and his advisers care nothing for the will of the people and are eager to get the nomination without preparations to bring the seat of war which it is secured, without any reference to whether or not delegates represent the people whom they are supposed to represent."

"It is a crowning illustration of Mr. Taft's theory of government of the people by a representative part of the people."

Col. Roosevelt has not made up his mind whether he will go to the Chicago convention and he is making preparations to bring the seat of war as close as possible if he chooses to remain at Sagamore Hill.

Workmen began to day the erection of telegraph wires to the colonel's home. Telegraphers will man corps of direct wires from Sagamore Hill to the Roosevelt headquarters in Chicago, and in this way, Col. Roosevelt will be able to follow the contest step by step and have his directions in minute detail.

SEEK TO HAVE AID
IN DRAINAGE WORK

Federal Government Will Be Asked to Better Conditions Where Lands Overflow.

Chicago, June 4.—The executive committee of the national drainage congress today decided to ask the federal government to begin at once a survey for a system of drainage of the swamp and overflow lands of the country.

The committee decided to ask congress to set aside as a drainage fund all money received from the sale since June 1905, of public lands in Alabama, Arkansas, Florida, Illinois, Indiana, Iowa, Louisiana, Michigan, Minnesota, Mississippi, Missouri, Ohio and Wisconsin.

The recent floods along the Mississippi river were set forth as showing an urgent need of a drainage system. Both Republican and Democratic conventions are to be asked to favor the drainage system in their party platforms.

DEFEATS POLITICAL FOES.

Toledo, Ohio, June 4.—Governor Harmon defeated his political foes in the preliminary session of the Ohio Democratic state convention this evening by organizing the body with George S. Long, of Troy, private secretary to the governor as permanent chairman.

In his keynote speech as temporary chairman, Mr. Long lauded the record made by Harmon administration and berated Colonel Roosevelt, declaring that Roosevelt in his third for power is charging through the land hunting down the president much as he rode the African jungle and forest in pursuit of wild game.

Indications are that the unit rule will be adopted at tomorrow's sessions of the convention and Ohio's 48 votes at Baltimore will go solidly for Harmon for president.

SUITS AGAINST ERLE ROAD.

Erie, Pa., June 4.—Twenty fire insurance companies brought suit to day here to day, charging that the railroad negligently permitted a long freight train to block the tracks in Union City last winter, preventing fire companies reaching the Standard Chair company at that place, in time to prevent its destruction. Before the train was removed, it is alleged the fire was beyond control.

The damages asked is the amount of loss paid by the companies.

TO PREPARE FOR
TROOPS RECEPTION

U. S. EXPERIMENTAL ARMY ARRIVES IN DUBUQUE.

War Department Will Try Out New Equipment Including Powerful Automobiles—Army Experts Both Local and Foreign to Attend.

Dubuque, Iowa, June 4.—The advance guard of Uncle Sam's practice or experimental army arrived in Dubuque to day to prepare for the reception of troops which will arrive early tomorrow to try out a new plan of army organization and equipment. Troops are being brought here from Fort Snelling, Fort Crook, Fort Sheridan and Fort Brady, Michigan. There will be in all 2,000 officers and men.

The regiment will be in charge of Col. Robert G. Getty, who is already on the ground. It is the purpose of the war department to try out new war equipment, especially means of transportation, and for that purpose a number of powerful automobiles already thoroughly tested are here.

Camp grounds have been established two miles south of the city where the troops will be taken immediately upon their arrival. From here the first of next week the troops will march to Madison, Wis., and then to Sparta, Wis., the national practice grounds, all the time moving as though in the territory of an enemy. A large number of army experts are already here and it is anticipated foreign governments will have representatives present to witness the success or failure of the experiments.

DECIDE TO ADJOURN

Both Special Sessions End Today—Will Not Wait on Lorimer Verdict.

Springfield, Ill., June 4.—The Illinois general assembly decided this morning not to wait for the United States senate to act on the Lorimer case. The house adopted the joint resolution providing for the adjournment of the session tomorrow and the senate members have gone home with no intention of returning.

On a vote voice vote Church was the only member who voted against adjournment, so far as could be ascertained.

There were only eighty-one members of the house present this morning and it was impossible to pass the pending appropriation bills, which require 102 votes. Browne and his friends are no longer opposing them, as Governor Denen has allowed the appropriation of \$25,000 for the third special session, which they aid must become available before legislation could proceed, to become a law without his signature. It is hoped to have more than two-thirds of the members present tomorrow morning.

Representative Church secured the advancement of the bill he introduced yesterday afternoon to permit him to take the place of James A. Rose on the Republican ticket for secretary of state. The bill provides that in case of a vacancy in the primary ticket the next highest candidate for the office shall be the candidate. It is made to apply to the present situation.

The senate this morning passed the house bill amending the insurance laws so as to permit the organization of mutual insurance companies to write insurance of employees under the new compensation act; the bill permitting fire insurance companies to do an automobile insurance business and the Lake Front park board bill. It also occurred in house amendments to the state's attorney's bill and the board of administration measure.

TAFT GETS OHIO
DELEGATES AT LARGE.

Six Were Awarded to President by Convention Tuesday—His Friends Controlled at Every Point.

Columbus, O., June 4.—Ohio's Republican state convention closed its first session in short order today after awarding President Taft the six delegates at large to the national convention of a vote of 390 to 362.

The state ticket including the new congressmen-at-large will be chosen at the adjourned session which was called for July 2.

President Taft's strength in the convention was plainly evident as soon as the meeting had been called to order. His friends controlled at every point.

The result of the convention today gives President Taft 14 of Ohio's 48 delegates to the national convention and Col. Roosevelt 31.

DISBARRED FROM PRACTICE.

Springfield, Ill., June 4.—For the first time in Illinois, a disbarred attorney has appealed to the United States supreme court. Notice of this effect was filed today in the supreme court by Claudius Peters of Chicago, who was disbarred from practice at the February term following charges preferred by the Chicago bar association. Peters as guardian for Francis Howard Bishop and Carrie Irene Bishop, minors, is alleged to have converted to his own use money collected for his wards.

HANGED SELF IN JAIL.

Springfield, Ill., June 4.—Dominick Zepate of Pawnee, under indictment at attempt to kill a fellow countryman, committed suicide by hanging in his cell in the county jail early this morning.

GOMPERS NAME
IN DARROW'S TRIAL

EFFORT MADE TO SHOW SOURCE OF MONEY FRANKLIN IS ALLEGED TO HAVE USED.

Bank Cashier Testifies About Special McNamara Defense Fund—Great Stress Laid On Alleged Conversations Between Franklin, Watts and Stinemann.

Los Angeles, Cal., June 4.—That it would trace the McNamara defense fund of the American Federation of Labor the money alleged to have been used by Bert H. Franklin to bribe jurors in the McNamara trial was the assertion made today by the prosecution in the case of Clarence S. Darrow, the Chicago lawyer on trial accused of having bribed Juror George N. Lockwood. To substantiate this assertion the prosecution placed on the witness stand H. H. Plather, cashier of a national bank of Washington, D. C.

The name of the American Federation of Labor was brought into the record several times. Franklin testified that on one occasion Darrow had told him that the money for the alleged bribery of Lockwood came directly from Mr. Gompers.

District Attorney Fredrick said that on short work he made to the compliance of Mr. Gompers in the alleged bribery but the state proposed to prove that the \$4,000 had been drawn from the McNamara defense fund of the American Federation of Labor and sent to Mr. Darrow.

Mr. Plather said he was not personally acquainted with Samuel Gompers, but that he was very well acquainted with Frank Morris, secretary of the American Federation of Labor, who he said had about five accounts at his bank, one of which was known as the Frank Morris "Special Number 5 account." This was the McNamara defense fund, the witness said.

A document described as the original sheet of the special No. 5 account from the books of the bank was offered in evidence by the prosecution. The prosecution had not succeeded in having the bank ledger page admitted in evidence when adjournment was taken until tomorrow.

In the cross examination of Franklin Attorney Rogers placed great stress on the conversations alleged to have taken place between Franklin and two men, Watts and Stinemann.

"Did you say to Mr. Stinemann," asked Rogers, "word to this effect: 'If Darrow will give up, certain evidence that he has against Gompers he will be released, but Gompers is the man they want because he is the head of union and Burns wants to break that up, and Burns will let Gompers before they get through,' and didn't Mr. Stinemann ask you: 'What did you want to get Darrow and didn't you say: 'Oh, he has been defending the unions and is a prominent man on their side,' didn't Stinemann ask you where you got the money for Lockwood and didn't you say: 'outside parties had furnished it,' that Darrow never gave you any money to fix jurors and didn't you say that after you had talked for some length about that for God's sake don't repeat this conversation?'"

"I did not, nor anything like," replied Franklin.

Franklin said he told Stinemann that Davis had told him he probably could get off with two years, that he went home and told Mrs. Franklin that if he served his time he would be taken care of by Mr. Darrow, which he thought was a proposition and Franklin had then refused to further consider the proposition.

CONGRESSMAN IN FIGHT.

Annin's friends separated the two men before much damage was done.

Coker B. Alene, Idaho, June 4.—By a vote of 252 to 157 the Democratic state convention declined to day to send Fred T. Dufols, former United States senator, now national manager for Champ Clark's campaign, as a delegate to the national convention at Baltimore.

QUIT CALOMEL.

Thousands Are Turning From This Dangerous Drug. A Safe Vegetable Substitute Is Olive Tablets for the Liver.

Dr. F. M. Edwards, a prominent physician of Portsmouth, Ohio, has discovered a new laxative and liver toner in a combination of vegetable materials, mixed with olive oil, which is in effect almost exactly like the old and untrustworthy calomel, except that there are none of the bad after effects of calomel.

Dr. Edwards has long been a foe of calomel, though he recognized its value along with its dangers.

His distrust of the uncertain drug eventually started him years ago towards experiments with the view of discovering a substitute, and he is today in possession of the long-sought-for combination, which is in the shape of a little sugar-coated, olive-oil colored tablet.

The results of fifteen years' experience and practice are embodied in these marvelous little tablets. They are called "Dr. Edwards' Olive Tablets," and their effect on the liver has been the means of relief to many of Dr. Edwards' regular patients as well as to thousands of others who have suffered and were afraid of calomel.

They are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of harmful impurities.

10c and 25c per box.

"Every Little Olive Tablet has a movement all its own."

CHOOSING THE BEST

PHI ALPHA LOVE FEAST.

Enthusiastic Gathering of Members of the Literary Society.

This is only love feast year, yet the way the Phi's, both active and past members, gathered at Peacock Inn last night would be enough to convince a stranger that it must be a triennial reunion so great was the number and so grand the enthusiasm. Nearly sixty sat down to supper and each vied with the other in making the occasion what it should be and was meant to be. Grey haired members shook hands with Whipple preps who had been invited to be present and all were boys together.

A grand inspiration was the presence of Col. H. G. English of the class of 1877, and though in rather delicate health and bowed with the weight of years, he was fully as enthusiastic as any and practically every one present sought the honor of an interview with him and bestowed on him all the honor that could be asked by any one. There were other former members present and the event was fully in keeping with the grand record of that society for loyalty, which never wanes.

President George Turner called the gathering to order and first the bill of fare was heartily discussed and was quite satisfactory, and after the inner man had been satisfied the chair introduced Principal Carl E. Robinson as toastmaster of the evening and the latter fully deserved the complimentary things that were said about him.

The inspiring song, Phi Alpha Day was sung with a will and then the speakers of the evening were introduced. The hour is so late a report of the remarks made is impracticable, suffice to say that all breathed a spirit of devotion to the society and an earnest desire for its welfare.

The speakers and sentiments were as follows:

The Five Talents—Dr. Carl E. Black.

The Enthusiastic Phi—Ralph L. Dunlap.

Loyalty to Phi Alpha—R. H. Maccomson.

How to Prepare It—Thomas Manger.

Phi Alpha's Contribution to Success—Judge Charles A. Barner.

Here the gathering was favored with a fine musical number by Prof. Kritch on the piano and Dean Cochran on the violin and the superior effort of the gentlemen was loudly cheered.

Looking Forward—Casey Elliott.

Looking Backward—Victor Nelson.

Our Honored Member—Col. G. H. English.

The gentleman spoke with as much vim and enthusiasm as any of the younger men and told of the early days with the men of his time and mentioned with pleasure the honor that had been bestowed on him on the occasion. The audience arose and greeted him with cheers before he spoke and the applause was loud and long after he sat down. He remarked that his reception was one of the greatest pleasures of his life and he returned his hearty thanks for the manner in which he had been received.

The chair then asked the graduating members to say a few words each and Messrs. Hedgecock, Smith, Jackson, Gammersheller, Davis and Closes responded, all in the same vein.

Phi Alpha's President was the sentiment to which George W. Turner well responded.

The Phi Alpha Way, was the theme well responded to by George W. Govert of Quincy.

The last speaker was S. W. Nichols.

Viva la Dear Old Phi was then sung with a will and with a nine tiger for the society the exercises were ended.

Among those present from a distance were Dr. F. P. Norbury of Springfield; E. Bentley Hamilton and Victor Nelson, Chicago; George W. Govert, Judge Carl Blyler of Quincy, and Col. G. H. English, of Kansas City.

FIELD SUCCESSFUL CLINIC.

Another successful clinic was held Tuesday morning at the tuberculosis infirmary in the Unity block, which is being conducted by the Morgan County Anti-Tuberculosis society. Eight persons were present for treatment and four presented themselves for examination. Miss Geneva Morrison, the nurse, continues to visit in the homes and give out instruction. The physicians conducting the clinic Tuesday were Drs. Hardesty, Dewey, Milligan and Woltman.

SIGMA PI FEAST

Members of Illinois College Society Gather Round Feast—H. H. Bancroft Toastmaster.

One of the most spirited love feasts of Sigma Pi society was held Tuesday evening at Bantz' cafe. The presence of a large number of old members, especially five members of the class of 1898, gave much dignity and pleasure to the occasion.

The menu was of the finest kind and served in an efficient manner and after chairs had been pushed back, President Garm Norbury introduced the toastmaster of the evening, Horace H. Bancroft of the class of 1896, a position he filled in a most befitting and capable manner. The ring of the old Sig spirit was manifested in every toast and there was loyalty to the society apparent in every word uttered. So deeply interested in the love feasts did the members become that they did not note the lateness of the hour and it was after midnight before the society song was sung. The present members of the society gave their older members a royal welcome and as the speakers recalled the incidents of days gone by the interest was keen and the cheering prolonged.

The following was the list of toasts:

"Advantages of the Small Colleges"—Wayne Wright, '11.

"Fris-Cass League"—Ben D. Watson, ex '11.

"Spirit of Sigma Pi"—W. S. Phillips, '12.

"The Old Days"—George H. Wilson, '88.

"Reminiscences of the Class of '63"—Ensign Moore, Jacksonville, R. H. Bezugs, Pueblo, Colo.; C. C. Barger, Oklahoma; William E. Fairweather, Kansas City; Dr. J. A. Meek, Chicago; William D. McCormick, Jacksonville.

"Sigma Pi and the Family"—Stephen Capps, '57.

"Sigma Pi to the Old 'Grads'"—Harry Dunbaugh, '39.

"Farewell for 1912"—Garm Norbury, '12.

Isn't Your Vacation Just About Due?

I don't think there ever was a time when so many people were thinking about and planning vacations as right now. There seems to be something in the air which makes everybody long to pack up and go away awhile.

The tourist fares are very attractive this summer, too. There are rates to the West, rates to the North and rates to the East. Liberal stopover privileges and long limits.

I wish you would come in and see me when you are planning your trip; tell me where and about when you want to go and I'll give you a good deal of help. It's my job with the Burlington Route to see that all travelers are well taken care of. I'll gladly answer your questions, tell you when reduced rates start and take most of the detail off your mind.

ASKED TO CHANGE PHARMACIST LAW

General Assembly Requested to Repeal Accredited College Course—Question of Controversy of Law.

Springfield, Ill., June 4.—The Illinois general assembly will be asked to change the pharmacist law so that a course in an accredited college will be required before a certificate will be issued to a pharmacist. The request was made by the Illinois Pharmaceutical Society, which was held here next week.

The question of this question will be discussed in the society which is held here for five years.

Joseph H. Gordon of this city, chairman of the legislative committee on education, declared that he was going to advise the legislature to consider the proposed amendment to the requirement laws. He said today that the replies are four to one in favor of the amendment.

At present any drug clerk who has completed one year in the high school and has had four years training in a drug store can secure a certificate to practice as a pharmacist. The amendment given by the legislature to the amendment to the law will compel the applicant to spend at least eighteen months in an accredited school, and there are but two accredited schools of pharmacy in Illinois. These are the Northwestern school of pharmacy and the Chicago school of pharmacy, both located in Chicago. One other school in this vicinity is located at St. Louis. The change in the law will mean much to hundreds of applicants for certification.

"We feel that the druggist's profession should advance with others," Mr. Gordon said today. "The exclusion of the members of the association on the street shows that objects feel the same way."

"There is nothing against the studios and hardworking men who have worked their way to a certificate in drug stores. We feel, however, that there is a better opportunity for the man who completes a course in college to prepare himself for the exacting work before him. The drug store employs a youth to help him in his store and he isn't especially anxious to devote much time to instructing him. If the boy goes to school he has the chance at the instruction and he comes out better fitted and better drilled in pharmacy."

DIXON'S STATEMENT

Roosevelt Manager Says Taft's Campaign Has Collapsed.

New York, June 4.—Senator Dixon, manager of the Roosevelt campaign, before departing for Chicago this afternoon, issued the following statement:

"It is not humanly and physically possible for Mr. Taft to get a majority of delegates to the convention. His campaign has collapsed. That will be seen on the first ballot. They have stolen the six delegates at large from Ohio by three card-monte tricks. What they have done shows the contrast between the methods of Mr. Roosevelt and Mr. Taft."

In speaking of the statement issued by William Barnes, Jr., Senator Dixon said:

"If I were Mr. Barnes, I would not get into a controversy with a man like Theodore Roosevelt, because of the existence of a certain state document I refer to the report of the committee that investigated Albany."

HULL'S BILL PASSED.

Springfield, Ill., June 4.—The senate today passed Representative Hull's bill giving park commissioners the right of eminent domain over riparian rights land for park purposes. With the other measures passed by the special sessions the park bill now is up to Governor Deussen for approval of veto.

FEDERALS ADVANCE.

Jimenez, Mex., June 4.—After a lapse of ten days, during which time many bridges burned by the rebels have been repaired, the main column of the federal army has begun an advance northward toward Santa Rosalia, 46 miles from here where the government vanguard is already stationed.

CHURCH WILL MAKE FIGHT IN COURT

Candidate for Secretary of State Declares He Will Institute Mandamus Proceedings.

Springfield, Ill., June 4.—Failing to get through the legislature a bill which would make him the Republican candidate for secretary of state, Chester W. Church of Chicago today declared that mandamus proceedings will be instituted in the supreme court against the state canvassing officers. He is not sure whether the petition will be ready for filing by tomorrow or not, but it will go in soon.

"I have intended to make a court fight for what I consider my rights ever since the matter came up," he said this morning. "and I have not changed my mind."

His original plan was to bring injunction proceedings against the Republican state central committee to prevent that committee from naming C. J. Doyle, but he finally decided the best plan would be the mandamus demand that the canvassing officers certify him as the Republican candidate and that is the form the proceedings will take.

It is a question whether or not the supreme court will accept the original action. The court may hold that a circuit court is qualified to act in the case, and that would delay the final decision until long after the election next fall.

CONGRESSMAN HUBBARD DEAD.

St. Louis, Mo., June 4.—Congressman E. H. Hubbard of St. Louis, representing the Eleventh Iowa district, died yesterday morning at the home of John C. Kelly, editor of the Tribune. Hubbard was a candidate for re-nomination in the Republican primary in the Eleventh district yesterday against George C. Scott of Sioux City, and early returns indicated that he had won the nomination. Heart failure is given as the cause of Hubbard's death.

MEXICAN REBELS CROSS LINE.

CLASS DAY AT ILLINOIS COLLEGE

Interesting Exercises Took Place on College Campus Tuesday Morning.

Another bright and beautiful day dawned Tuesday, the time for the class day exercises at Illinois college. This is an occasion when fun, wit, good humored jokes and the like are the principal articles dealt out and on this occasion the supply was fully up to the usual standard, which is commendable enough.

It was deemed best, and wisely, too, to have the exercises in the chapel of the Jones memorial building, as it would have been very difficult for the ladies to make themselves heard had the speaking been out of doors.

President A. J. Gummershimer called the assembly to order and vigorously endeavored to impress upon all that it was a momentous day in the history of the college, which was about to lose the brightest, most talented and every way attractive class that had ever entered its walls. He deplored the vacuum that would be created by the departure of a score of such wonderful people and had grave fears for the consequences to the venerable institution which would certainly suffer an irreparable loss.

He then called on Miss E. M. Leonard for the class history. The young lady had a file of the Daily Jacksonville Journal and said instead of a composition of her own she would read articles which had appeared from time to time in the daily morning paper of the city. Certainly imagination helped a little with the production which was brimming with humor and jokes, some of which were better understood by the class and students than any one else, but all were enjoyable.

Miss Lillian Havenhill read a poem, which certainly displayed a good degree of talent and stamped the young author as a person of fine ability in the making of rhymes containing allusions mirth provoking and otherwise.

The class prophecy was read by Kelley Vaught, who showed an intimate acquaintance with the foibles, weaknesses, talents, peculiarities and tastes of his fellow students and the careers he mapped out for them showed careful study and most brilliant writing. He many times aroused the laughter of his audience by his bright sallies of humor and as far as could be seen none contained a sting.

With many grand eloquent remarks President Gummershimer then called up the juniors and sought to impress upon them the utter impossibility of filling the places about to be made vacant, but made them do the best they could in attempting to take them and manage the affairs of the college. With mock gravity he depicted the wonderful genius of the departing seniors to whom the college practically owes all it is now and ever will be and begged the incoming seniors to do their best in taking up the Herculean task which had been so well performed by the class of 1912.

To Miss Genevieve Clark he gave a commission to teach in Valparaiso.

To Viggo Jensen a hammer as the most fitting thing that could be given one to pound out sweet strains of music.

To Ernest Berry a mass of brains as something which he could use to the best advantage.

To Miss Marie Taylor a rubber ring and bell with which she might amuse herself as she saw fit.

To President Hall of the juniors a tin horn to sound their praises and let their presence be known. Along with this, any amount of good advice as to the conduct of affairs in the future.

That June sale at Phelps & Osborn's is a hummer. The people appreciate the wonderful low prices. You had better come in and get a share of the money savers.

LADIES AID SOCIETY.
The Ladies Aid society of Centenary M. E. church will hold their business meeting this afternoon at the church, which meeting was postponed from Monday.

DEATHS AND FUNERALS

Myers.
One of the most largely attended funerals ever held in the city was that of Mrs. Anna Stephens Myers, which took place Tuesday afternoon at 2:30 o'clock from the home, on East North street. Aside from the many relatives and friends present, the following organizations, of which Mrs. Myers was a devoted member, attended in a body: Rebekah lodge, No. 13, Daughters of Pochontas, Pleasant Hour club, W. C. T. U. and Ladies Aid society of Central Christian church, and ladies of the U. C. T.

The service was most impressive and every detail of the deceased, Rev. W. L. Dorgan made the opening prayer, after which Miss Cora Graham sang with tender feeling "Tis Well With My Soul." Rev. Clyde Darsie then made a brief address, using as a text "He giveth his beloved sleep." He spoke of the joy the rest and the peace that awaits all who have faithfully served their Lord, and of which Mrs. Myers was to receive a abundant portion. The service at the home was concluded with the singing of "Sweet Bye and Bye" by a trio, composed of J. A. Campbell, Asa Robinson and Rev. Clyde Darsie.

The cortege then moved to Diamond Grove cemetery, the Rebekahs acting as an escort and also having charge of the service at the grave. The bearers were Herman Weber and A. W. Baldwin, sons-in-law; Carlton H. J. Myers and Louis F. Weber, grandsons, and A. Logan Anderson, a nephew. There was an abundance of beautiful flowers, which were kindly cared for by Misses Anna and Dorothy Weber of Jacksonville and Jennie Esther Young of Centerville, Iowa; granddaughters; Harry Allen Weber, a grandson, and Misses Louise and May Martin and Robert H. Reid.

Among those from out of the city to attend the funeral were Mrs. Frank Young and daughter, Miss Jennie, of Centerville, Iowa; Mrs. Young being a daughter of the deceased; Mrs. D. M. Turner, New Holland; Miss Mae Martin, Liberty; Mrs. Anna Seibert, Louisiana, Mo., and A. Logan Anderson of Lincoln, Ill.

SOCIAL EVENTS.

The Marys and Martias of the Central Christian church, of whom Miss Minnie Simpson is the teacher held their monthly meeting recently at the home of Miss Simpson. After a pleasing program, the annual election was held, the following officers being chosen:

President—Miss Cynthia Realek.
Vice president—Miss Frances Hubble.
Secretary—Miss Adelaide McCarty.
Treasurer—Miss Zella Keller.

On Monday evening the Delta Alpha of the Central Christian church, the Bible class taught by Miss Marie Finney, held their regular monthly meeting at the home of Miss Della Osborne, on South East street, by whom they were delightfully entertained.

After an impressive devotional service the regular business of the class was transacted, and officers were elected as follows:

President—Grace L. McCarty.
Vice president—Bertha Carter.
Secretary—Alma Hopper.
Treasurer—Maud Haxton.
Assistant secretary—Della Osborne.

Historian—Alice Mathis.
Reporter—Martha Simpson.
A social hour was then enjoyed and delightful refreshments were served by the hostess.

Miss Adeline Simpson, a former Delta Alpha, now residing in Springfield, was a welcomed guest of the evening.

Mrs. Walter Ayers gave a children's party Tuesday afternoon with Mary Hamilton Ayers and Allan Ayers as the little guests of honor. The company included Cordelia Bancroft, Harry Capps, Jr., John Hamilton Russell, James Russell, M. Hill, Farrell Crabtree and William Watson. Mrs. Ayers was assisted by Ruth Reynolds, Dorothy Farrell, Mary Jeanette Capps, Betty Baldwin and Helen Walton and every one of the little company had a true delightful time. Games for little folks were played, the refreshments were of a kind dear to childish hearts and for favors each girl received a book and fan and each boy a book and ball.

A delightful function of the commencement season at Illinois college was the reception given Tuesday afternoon by President and Mrs. Rammelekamp for the members of the graduating class. Relatives and friends of the young people and many alumni called at the president's home and enjoyed an exchange of greetings. In every way the occasion was one of much pleasure.

No wonder the crowd is found at Phelps & Osborn's. The June sale with its many attractive money-saving bargains in Muslins, Sheetings, Linens, Silks, Underwear, Hosiery, Laces, Umbrellas, Ribbons, attracts the city's money-savers.

AN ILLUSTRIOUS VISITOR.

Among the persons who have been attracted to the city by the commencement exercises is Col. G. H. English of Kansas City. The gentleman is the guest of his sister, Mrs. Verin Daniels on Reid street, and is glad to be again amid the scenes of his boyhood.

Col. English entered the army in the Civil war as a captain and was mustered out as colonel of the 32nd Illinois. After the close of the great conflict he studied law and for 34 years has been a resident of the great metropolis of western Missouri, where he is engaged in the practice of his profession, though he lets his son who is associated with him do most of the work.

The gentleman is a member of the class of 1857 to which Stephen R. Capps and Marshall Potts belonged and are the only surviving members beside himself. It was to that class that President Tanner, Adolph Turner, Rev. J. B. Fairbank and others belonged.

Col. English attended the Phi Alpha love feast last night and was as enthusiastic as any of the active or past members and the members present paid him the most distinguished consideration and honor making him the honored guest of the evening.

ROADS TELL WHY TAXES ARE UNPAID

In Suit Now Pending Objectors Argue Taxes Were Improperly Levied.

As mentioned already in the Journal a suit is now pending in the county court in which the Wabash and Chicago & Alton railroads are resisting payment of certain taxes. Should the contentions of the railroads be upheld the loss to the city will be about \$1,800 to \$2,000 besides the loss to the county. The reasons set forth by the railroads why certain taxes should not be paid are of interest. Bellatti, Barnes & Bellatti, for the Wabash railroad, in their objections, make the following points:

First, that the Wabash receivers have failed to pay the sum of \$221,99, part of the county tax assessed against the company for the reason that the levy for various county purposes made by the county board, and upon which the county tax levy was made for the sum of \$95,000, and included among others three items as follows: Poor Farm \$19,000, courthouse \$5,200, jail \$1,000, and the objectors state that these items do not sufficiently designate the purpose for which the tax is required, are uncertain and indefinite and that the amount of these items is equal to twenty per cent of the total tax levy.

Second, that they have not paid \$542.66 in taxes levied for the city; the registered bond tax of the city amounting to \$72.49, the city bond tax amounting to \$49.84, the sinking fund tax amounting to \$67.96, the library tax amounting to \$45.31, and the park tax amounting to \$45.31, for the reason that these taxes were extended from a certified copy of a levy ordinance passed by the city January 12 and approved January 17, and that at the time of the passage of said levy ordinance the city council had not passed an appropriation ordinance for the year that was in force at the time of the passage of the levy ordinance and that no appropriations of the city were in force when the levy ordinance was passed.

Third, that they have not paid the road tax for road district No. 5 for the reason that in the levy filed with the county clerk by road district No. 5 was a levy of 20 cents to liquidate road and ditch damages and that upon this certificate the county clerk extended a rate of twelve cents to liquidate road and ditch damages, being the maximum rate authorized for such purposes. The objectors state that at the time the levy was made there was no certificate on file showing the commissioners of the road district had allowed or agreed upon any such damages and that as a matter of fact no such damages had been made.

Fourth, that they have failed to pay the sum of \$35.62 of the taxes levied for road district No. 7 for the reason that this part of the road taxes for district No. 7 were levied at the rate of twelve cents to liquidate road and ditch damages and the objectors state that no certificate was on file with the county clerk showing that the commissioners had allowed or agreed upon any such damages and that as a matter of fact no such allowance or agreement had been made.

The objections for the Chicago & Alton to the payment of certain taxes filed by Kirby, Wilson & Baldwin follow somewhat the same line as those filed for the Wabash.

If you want to see a crowd of pleased people step into Phelps & Osborn's and see the people gathering in the many money-saving merchandise off the counters at their June sale.

COMMENCEMENT EXERCISES
HELD TUESDAY AT WOMAN'S
COLLEGE.

Splendid Address Given By Bishop Quayle—Pres. Harker's Statement Shows the Year the Best in the History of the College—Good Strides Made in Securing Endowment—Another \$5,000 Gift By Dr. C. E. Welch.

The sixty-sixth commencement exercises of the Illinois woman's college were held Tuesday when a great audience gathered in Music hall to be present when the graduates received their diplomas and to hear a great address by Bishop Quayle. Special interest was added to the occasion by the announcement made by Pres. Harker that the \$50,000 he had sought to raise toward the endowment by commencement day had been secured save \$450. This was quickly given and then Dr. Harker read a telegram from Dr. C. E. Welch of Westfield, N. Y., saying: "Yes, of course I will help. Put me down for \$5,000." This a good start has been made toward raising the additional \$130,000 which is to be had by June, 1913.

Diplomas were awarded by President Harker to the following who were presented by the heads of departments and declared to have finished the work prescribed faithfully and well.

The following are the graduates:

Benediction.

Bishop Quayle made the commencement address and it was an eloquent, impassioned appeal to make life worth living. He emphasized the glory of the sorrows and sadness and urged his hearers to sing when there was no song in their hearts. With matchless eloquence and imagery the great pulpit orator painted ideals for his auditors which they were made to feel as approachable, ideals which would exalt and dignify the things that sometimes look upon as small and insignificant. It was a wonderfully inspiring address and Bishop Quayle was followed with an intense interest. Some paragraphs from the address follow:

Story of Marpessa.

"I would call your attention to that poem of Stephen Phillips, which is the most wonderful of his writings. It is the providence of God that poets come like the flowers of June and die cut like the flowers of autumn. One and then another with a new voice, and a new song. I wonder in my own heart that God has so many poets and he knows them all apart and we too know them apart. This poem of Stephen Phillips is 'Marpessa—the Glowing.' If you and I had made a day we would have had no gloaming, and we would have done well because we don't know much and because we don't know it long. Here is a poem not gaudy, not touched with the tints of sunset, not glistening of light. Marpessa, the heroine of this little story, is a woman graduate and with a lover—she had two lovers. One was Apollo, he who kindles the dawn and makes the noon day—the God of day. He was an egotist and thought because he was a God, and she a girl, that he could woo her. He tells her who he is and how she shall share with

As "Ed" Howe Sees Life

I'm not particularly modest, but I hope I'll never have an operation performed, and be cared for by a woman nurse.

I sometimes think stepchildren exaggerate their wrongs as much as the people exaggerate theirs.

If you want to feel the morning finger, avoid the highball night cap.

The loafer cuts a big figure in politics, where he "gets even" for many affronts offered him in business and in society.

The next thing you hear about a man who has become famous, is that he wants a divorce.

An Optimist is a man who wants credit for telling white lies.

If a thing isn't in you, no amount of effort can get it out.

No man ever accomplished as much as he expected, and you can't.

It's a pity that other questions can't be settled as effectively as supremacy in baseball is settled; practically no one disputes that Philadelphia had the best club last year. But the people quarrel about everything else.

Beware of a boomer; money lost in a bursted boom is as effectually lost as though it were lost in a train robbery.

him the glories, and the triumphs of a deity and she shall have all the ministries that women ever loved. The other lover is a man. He stands there, drooped and with apparent defeat on his countenance. For what man could woo when the God of morning light was there. So Apollo tells her of where the purple clusters in the shining hills and she listens and after he has related to her all the joys and pleasures that should be her's should she accept his own, the man suitor is given opportunity to speak. Staggering and hesitatingly he says that all he offers is man's love and life's tribulation. He feels himself defeated; and his voice falls like a drooping sail. Marpessa looks at the God and then turning from him steps toward the man and speaks—her voice is like the cadence across sweet water: "Am I not a woman?" she says. "Have I not a father and mother? I'll go with thee, beloved, with thee." She turns from the God who in a blister of passion flies away.

Take All of Life.
"So out of this story I design to bring a little dew to these women here who are to enter upon life's responsibilities. It is better to take life, all of it, the penny of it, the tear of it, winter and summer. Better to have life with all its anguish, wild fretted cares and appalling disasters, better to take all of life than to be sheltered like a housewife plant. It is wiser to enter to life with the boot-jacks of today than to be sheltered by the millionaire's paradise.

"Some people seem to think that life is the art of going and sampling things and saying: 'I do not care for this, and for that.' Life is not a matter of preference but of inclusion. It is better to have everything is and keep the garments white than to be eternally where nobody could get dirty. I rejoice more to be out where heartaches are than somewhere in strange silence where no billows roar. I am here to lift a song when there is nothing to sing about, to sing when there is no master with a sabaton, no sugar, no stanzas. That is glory. Anyone can sing when the stars put out their light but when in the throes of a broken hope like a bird, one can lift his voice to the skies and sing, that is glory.

Beauty in the Prairies.
"As we travel over life's great way, what do we see? If we take the world, we shall go across the shifting winding prairies. To some people the prairie is but a smooth level stretch of land, but to me it has the beauties of a paradise. Then there is the desert so bleak and barren, a weary stretch of waste where one thousand caravans pass night and day. Shall we exclude it from life? No! The sea with its shipwrecks and disasters we shall also include. We are not meant for the pleasures, for the ease, nor the silences, but for all life.

"That Marpessa girl, she is our ideal. When woman comes to herself she wants to help the world, to mother it. Life is not a game of dodge, not a running away from but a running toward things, and saying 'I am coming. I am coming.' Oh, life all of it, that's the glory of the world. The people that get bitter and angry like a cactus on the desert are those who started out not knowing all of life. Will thou dodge the runners and flee from responsibility, or take the hand and help? In all life rightly measured there is a Marpessa. She took all life had its night, its suffering days. She said: 'I go with thee beloved, I go with thee.' Some vast masterful love makes all things sublime. We are put here to take life and to help it. All the people that have done the world good have been less concerned in themselves than in others. The question is not how we shall save ourselves but how we may be of service to fellow man.

Meet Life With a Smile.
"We must meet life's problems and life's troubles with a smile. Marpessa is singing, through the dusk and the dewy morn. If we could take and wipe from our lips all our moanings and complainings it would be wonderful how sweet life would grow. The very moment anyone steps out and does a needed thing then he has credit with God. What makes life beautiful? The greatest need of any human life is love. Nothing hurts while love lasts. If all of us could say in our own heart with the same sincerity, the same confidence and abiding trust as did Marpessa, 'with thee beloved, with thee,' it would not matter what sorrows came, what reverses or distresses. With the love of Christ in our hearts, we can pass through anything. The storms may come, the winters may chill, and the summers burn, but it matters not. I wouldn't wonder if these young women should find this life sweeter than any poet ever wrote. If you would find it so think not about thyself, much, but

about others. That is service and joy."

President Harker in making his annual statement was able as usual to say that the year had been the best in the history of the college. Then the president went on to give the facts and figures which proved that his statements were true and correct. The resume of the work done, the vision of the future given were both such as to thrill the hearts of the thousands of friends of the college. The president's statement is given herewith and in addition he read the telegram from Dr. Welch, who has promptly answered a special appeal sent him. Dr. Welch has already given \$5,000 for an organ for the college besides making other gifts.

President's Annual Report.
The year now closing has again shown us the good hand of our God upon us for good in the remarkable health of the college community, and in exemption from accident. We thank God for His great goodness, and pray for His continued favor and blessing.

Attendance.
The attendance shows only a small increase over last year, in the aggregate, but a large gain in the number of college students. The range of attendance covers the whole country from Ohio to California, including twenty-three states. Every part of Illinois is represented, the students coming from 66 counties. It is very gratifying to note the relation of the college to Jacksonville, and the good representation of the city in every department of the school. Nine of the graduates of the city high school entered the college last year. We are making here an institution so well equipped in every subject in which women are interested that very unusual opportunities are offered to the young woman resident here, and we are glad to see that every year an increasing number are taking advantage of our work. The college desires to do everything possible to cooperate especially with the high school in giving the young women of Jacksonville the highest educational opportunity; and to serve our local community by making it unnecessary for any young woman to go away from home in order to secure the best educational advantages.

The increase of attendance has been especially large in the department of home economics, and of expression, and a distinct advance has been made in the work of these departments. Heretofore the courses have been special courses, leading only to a diploma; but beginning with the coming year we offer a full four year college course in these subjects, leading to the bachelor's degree. Every year brings an increasing demand for graduates of the college for responsible positions as librarians, teachers in high school and college, and as dietitians in hospitals and sanitariums, and the success of our students in such positions shows well the thoroughness of their preparation.

Equipment.
Additions have been made to the equipment in every department. More than a thousand dollars have been spent in additions to the library, besides a large number of books and magazines. By interested friends. The laboratories have all had considerable additions, amounting to more than a thousand dollars.

Our good friend specially interested in the Latin department, has supplied the means to purchase maps, photographs and books for its more adequate equipment. This is an example worthy of imitation.

Announcement has already been made of the generous offer of Dr. C. E. Welch, of Westfield, N. Y., to give \$5,000 to place an organ in Music hall the coming summer. A contract has been made with the Austrian Organ company, of Hartford, Conn., and the organ will be put in during the vacation, ready for use at the opening of the college in September. The musical equipment of the college, with 37 upright pianos and five grand pianos, all purchased within two years, is already unusually complete, and we have needed a college organ to make its thoroughness finished. I desire here to express the thanks of the college to Centenary church, who have for ten years generously allowed us the use of their church organ for our needs. Their kindness has been greatly appreciated.

It is a matter of deepest regret that Dr. Welch could not be here today so that we could personally thank him for his generous gift. We expect to have the organ ready for dedication next September, and trust

we can be here at that time.

Faculty.
It is a great pleasure to mention again the ability of loyalty of the college faculty, and to say that the good work of the year has been due to their interest and devotion. There will be very few changes for the coming year.

We regret to lose Mr. Wm. P. Phillips, who has been here for three years, and has proved himself a very capable teacher and artist in his own voice work. He has given himself without reserve to the advancement of college interests in every way. His work with the Glee club is especially to be mentioned, as showing infinite patience and ability, and for the unusual efficiency he has secured in that organization. He leaves to continue his studies in Europe the coming year, and he carries with him the love of all his students, and the sincerest esteem of the faculty and trustees.

Financially.
The year has been the best in the history of the college, the total income amounting to \$117,000. By the gifts of friends, and by careful administration the college has paid all its current obligations, has added to its equipment in the several departments nearly three thousand dollars, to its endowment four thousand dollars, and has reduced its indebtedness twelve thousand dollars.

But every year shows more clearly the great need of the college for a permanent endowment. It is impossible that any college can go on for ever without a substantial permanent foundation. Years of sickness and accident will come, and will reduce the income from students, and a few friends cannot be expected every year to contribute to preserve the life of the school. The records show that every year the college has a deficit in its liberal arts department of from nine to ten thousand dollars. It requires an endowment of \$200,000 to permanently meet this deficit. The college actually gives to each student in its college courses about \$75 a year more than they pay in tuition fees. This must be balanced by gifts in some way, and the only permanent way is by an endowment.

For this reason it is now everywhere recognized in college circles that no college is safe, or can do adequate college work, that does not have endowment. The North Central Association of Colleges makes it a requirement of membership that a college have at least \$100,000 of endowment over and above all indebtedness. The university senate, which sets the standards for order that no college will be permitted to rank as a standard college after the year 1913 which does not reach this \$100,000 requirement.

We have not reached this standard, and we therefore face a crisis in our college history. We must meet the standard, or cease to be a college. Our situation is such that by June 1913, we must secure in cash or good pledges \$150,000 to meet all outstanding obligations and leave a clear endowment of \$100,000. This ultimatum was presented to us last January. We have already begun the campaign. We are asking the friends of the college everywhere to unite, and by an enthusiastic, determined effort make the movement a success.

It cannot all be done by small gifts. Some friends should give \$10,000 each, some \$5,000, a good many should give \$1,000, and every friend should give something.

We are planning to make the commencement of 1913 the greatest the college has ever celebrated. There will be a great home-coming for all who have ever attended the college, and a special reunion of all the classes. The Woman's college societies recently formed in several centers throughout the country are arranging to meet here at that time.

Let us make this home-coming memorable by a successful completion of our \$150,000 endowment fund.

DISCRIMINATING LADIES.

Enjoy Using Herpelde on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpelde speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpelde effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpelde stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send for stamps for sample to The Herpelde Co., Detroit, Mich.

MORNING EYE-OPENERS.

Oh! You Great Big Grizzly Bears. Only seven straight. Who'd a think it?

Senators defeat Browns. Who pitched? Johnson, of course.

Sox win from the White Elephants while the Naps took Boston's measure, giving said Sox a firmer hold on first place.

Snodgrass was the "real kid" in the St. Louis-New York game yesterday, marking four hits and four runs. One was a round trip smash too.

The Quakers made O'Toole and ex-Cub Cole "take to the tall and uncut" under an avalanche of hits yesterday which were unstoppable until the game was over.

Yesterday was the tenth anniversary of Napoleon Lajoie's becoming a member of the Cleveland team. He celebrated the occasion by making a single, double and a sacrifice fly. Did he start that way?

THE PLAYGROUND.

Opens Most Auspiciously With Large Numbers Present.

Do you ever have the blues and feel that life is hardly worth living? Do you ever think that the world is going to the "demolition howlows"? If you ever do and honestly want an antidote, just go down to the playground on Independence avenue and East street and see the merry groups of children and unless you are utterly incorrigible you will certainly be cured.

The day was pleasant and the children came out in large numbers while a good number of mothers and grown persons, friends of the movement, attended. Mr. Ruyter is showing himself the right man in the right place and the enterprise bids fair to be a fine success. All the appliances are used but the most popular at present is the "shoot the chutes," or athletic slide. About this there was a swarm nearly all the time and a long line stood in readiness to climb the little ladder and slide down. The swings were well used too and the other appliances all came in for inspection. The trapeze rings or athletic appliances were not hung up till later in the day but they were hardly in place before boys were showing what they could do.

The association desires all in the city to feel at home there; mothers and adult friends of the children are especially welcome. A good amount of shade is enjoyable in the afternoon and seats make it pleasant for all. Come everybody and enjoy the place.

NEW TRI-CLASS LEAGUE.

A movement is well under way for the organization of a Tri-Class league consisting of the classes of '10, '11 and '12 of Illinois college and for this purpose a meeting will be held at 7 o'clock tonight at the Colonial Inn, when a banquet will also be enjoyed. With the large class this year and the other classes a splendid organization can be formed and will no doubt be beneficial in many ways. Among those in the city and who expect to attend the meeting tonight are Herbert Colton, U. W. Wright, Ralph Robb, C. R. Wilson, Ralph Linkins, Herbert J. Rucker, J. A. Knoepfel, Ben B. Watson, Ira J. Underwood, Mrs. J. A. Bowden, Miss Mary Maud Brown, Miss Ruth Fairbank and Miss Frances Blackburn, of the class of '09; Barnaby Edwards and Frank W. Rucker, of the class of '10. All the members of the graduating class are also expected to be present, as well as the three class officers—Dr. F. S. Hayden, Miss Stella L. Cole and Dr. C. O. Harris.

It enables her to do her cooking and baking comfortably and satisfactorily. The heat is concentrated right in the range not thrown out in the kitchen to add to the discomfort of a hot day.

With a Detroit Jewel Cabinet Style Range the best possible results are insured. The scientific oven construction insures perfect circulation of oven heat. This means pies, cakes, bread, etc., will be perfectly baked on the bottom as well as top. The construction of the Detroit Jewel one-piece star shaped burner precludes the danger of leakage of gas and its design gives the greatest number of heat units per foot of gas consumed.

SIX GRADUATES GIVEN DIPLOMAS

ANNUAL COMMENCEMENT EXERCISES AT STATE SCHOOL FOR THE BLIND.

Excellent Program Attracted Large Audience to the Chapel—Address by Dr. James Smith of Quincy on "Freedom Through the Truth"—Supt. Woolston Presented Diplomas.

Another year's work has closed at the State School for the Blind and an interesting class of six young people received diplomas. The day was fine and all was propitious for the occasion. The chapel was adorned with the colors of the class which were royal blue and cream. The class motto was "Truth and Light."

The chapel was well filled with an interesting audience and the exercises were such as to rivet the attention of all who had the pleasure of being present.

The music, both vocal and instrumental was simply superb. The orchestra played like veterans while the organ and piano were handled by masters of the art. The singing, both chorus and solo was also in keeping with the other features of the occasion. The pupils at this school are favored with an efficient superintendent and competent instructors and the results speak well for the whole school.

The following was the complete program:

(A) Gondoliers, Novin; Good Night, Novin—Orchestra. The Morn, Duna—Girls' Chorus. Invocation—Rev. H. D. French. March, Triumphal, Piano and organ, duet, A. Guilman—Ruth Needel, Harold Konrad.

With Verdure Chant, (The Creation), vocal solo, Hayden—Maud Varley.

Address, "Freedom Through the Truth"—Dr. James Robert Smith, pastor of the First Congregational church of Quincy.

March, Violin Quartet, Hayden—J. Smith, R. Kretzmann, E. Meyer, L. Rodenberg.

Presentation of diplomas. (A) June, Schenck; (B) Anvil Chorus, (C) Trovatore, Verdi—Senior Chorus.

Benediction—Rev. R. O. Post. The address of Dr. Smith was excellent and had several commentaries.

His theme was practical and treated in plain, forceful language. He spoke plainly and distinctly and stopped when he was through in good time without wearying his audience with a mass of platitudes and useless verbiage.

Only a very few extracts are presented as space will not permit the presentation of the entire production.

What is so rare as a day in June? Nothing except that day be in Jacksonville, the beautiful city and in this institution where such choice music and other delightful features combine to make the day ideal.

I congratulate you on the occasion, and the day you are now enjoying.

My theme today is "Freedom Through the Truth." The history of mankind is a struggle for freedom and liberty and the mistake of the ages has been seeking this blessing, not through the truth but through license. There is a great difference between liberty and license. True freedom comes through the truth and knowing it. Dynamite in the hand of an ignorant person is a deadly danger but in the hands of the expert it does the work of hosts of men. The musician performs on his instrument with his hands, but the soul of the composer is in his mind and he draws from the keys an inspiration through knowing the truth of the composition. The ignorant can only pound the instrument making senseless noise and jargon but he who knows the truth can fascinate all who listen to him.

When man fails to understand he is a slave to the forces of the universe but he begins to study and know the truth and places the powers under subjection. The ocean becomes, not a vast, unknown expanse but a great world's highway. Electricity is no more a curiosity or a fearful phenomenon of nature but when we even partly know the truth we harness this wonderful, occult force and it sends out messages across the world; it is used to propel our cars, to do countless things for us because we know the truth concerning it. Man becomes a free being by facing the problems of life and knowing the truth. Think young friends, what you have been studying during the years you have spent in this institution. The state supplies the building, the teachers to educate you. Education means drawing out and the course here has been to help you learn the truth, especially as it pertains to your environment. And as you go forth from these walls I trust you will continue to seek the truth and know it better and above all to follow the truths of the Bible which is the great light mankind has to guide him to the truth.

You should know the truth regarding your bodies and the best means of caring for them. The mind speaks through the body, therefore you should study habits of cleanliness, you should know what course will best promote your health and you should take care in every way to keep the body in the best possible condition. You should eat what is best, sleep much and spare all that will injure your body. Cultivate good habits for the man who does not do this is like one who sets fire to the house in which he lives.

Your minds should be carefully cultivated. Give them good food in the way of best books, associate with good people and all other means which tend to cultivate the brain and make the mind the best servant of the man and that which will enable him to know the truth best in life.

Your souls should be cultivated. Do right because it is right. Acquire the habit of doing the right thing and seek to know what is the will of your Creator, not through license but genuine liberty. Remember it will cost something to do this. I like the sentiment of that hymn which says:

"Sure I must fight if I would reign, Increase my courage, Lord; I'll bear the toil, endure the pain, Supported by thy word."

Go out into the world determined to make the best of your opportunities and to make your way. Some weakly say the world owes them a living but that is not the right spirit. Give to the world the best you have and you will find the world will appreciate you. As you go out into life we shall continue to love you and desire your best welfare and shall hope the best things may be yours. I do not know what you may decide to do but by all means seek to know the truth and it will make you free. Be true to your country and your God and He will not desert you. I commend to you Christ as the great example and your dear elder brother. Do not stop to day but let this be a genuine commencement for you in your life work of knowing the truth. Keep your minds clear, be true to the good and right and may God bless you all.

With fitting words Mr. Woolston delivered the diplomas to the following:

Riley G. Cadle, Raymond, Harold J. Konrad, Cufage, Klaus F. Mamonsay, Chana, Ruth M. Smith, Chicago, Irma G. Smith, Chicago, Maud M. Varley, Roadhouse.

PLEASANT OCCASION.

One of the delightful features of the commencement season is the visiting of former students who left the college many years ago and have come back to enjoy the companionship of Jacksonville friends and those whom they meet from other places. Dr. Joseph Meek of the class of 1868 and R. H. Berge are here along with others and yesterday Mr. and Mrs. William McCormick invited Dr. Meek, Mr. Berge, George Blackburn and S. W. Nichols to dinner. Mr. McCormick and his guests were all of the same class and a fine time was enjoyed talking over the men and scenes of long ago. The dinner was a splendid affair and the good things were enjoyed with all the zest that accompanied the "bo" when they were students.

FAMILY GATHERING.

Last Sunday Mrs. Elizabeth Thompson of Alexander precinct had the first outing she has enjoyed for a long time. J. B. Corrigton took her and his family to the home of W. T. Thompson, son of Mrs. Elizabeth Thompson, and brother of Mrs. Corrigton and who lives on North Main street two miles out. The day was much enjoyed by everyone and Mrs. Thompson was none the worse for the trip.

THE WEATHER. The temperature for Tuesday, according to G. H. Hall of Alexander, was: Maximum, 76, and minimum, 55. A rainfall of .69 inch was registered during the day. Fred Fox of Chicago was in the city Tuesday in the interests of J. F. Cella company.

LARGE AUDIENCES AT BROOKLYN

Services for Odd Fellows and Old Soldiers Were Well Attended.

One of the largest audiences ever seen in Brooklyn church was that Sunday morning, when the memorial service of the Odd Fellows and Rebekahs was held. Rev. H. S. Alkire, the pastor, delivered a forceful sermon and paid a fitting tribute to the orders represented. The T. O. O. F. quartet furnished music and at the conclusion of the pastor's address, which was on "Some Cornerstones," the roll of honored dead was called. Those who have gone but are not forgotten are:

Rebekah lodge, No. 625—Homer C. Howe, August 25, 1911. Rebekah lodge, No. 13—Clarence G. Heath, Jan. 5, 1912; Mrs. Effie Minter, March 18, 1912; Mrs. Anna Myers, June 1, 1912.

Tania lodge, No. 243—Homer C. Howe, Aug. 25, 1912; John C. McAllister, Jan. 5, 1912; William Epinger, Jan. 23, 1912; Joseph Heintz, March 12, 1912.

Illini lodge, No. 4—George H. Martin, Sept. 20, 1911; Clarence G. Heath, Jan. 5, 1912; John H. Stull, Jan. 13, 1912; G. A. Ratliff, Feb. 22, 1912; John T. Henderson, March 8, 1912; Joseph M. Saly, March 27, 1912; S. C. Brockman, April 22, 1912; Robert Agce, April 23, 1912.

Again at night the church was filled to its utmost capacity, when a camp fire was held for the members of the G. A. R. and W. R. C. Three front rows were filled with the members of Matt Starr post and several more seats held the members of the Woman's Relief corps. A quartet composed of Mrs. Hornuff, Mrs. Cook, Will Happy and Thomas Reeve, led in the singing of "Marching Through Georgia," "Drinking From the Same Cup," "Tenting on the Old Camp Ground," and "Gloria Hallelujah."

Mrs. A. M. Roberts greatly warmed the hearts of the old veterans as she sang "The Old Flag Never Touches the Ground." Several excellent violin numbers by Miss Irene Thompson were much enjoyed and appreciated. Mrs. W. P. Duncan acted as accompanist of the evening. The camp fire was unique. Each soldier was required to stand, drink out of the old canteen, tell his name, regiment, hardest service, and if he was wounded or captured, and while it was thoroughly enjoyed by the comrades it was both profitable and entertaining to the rest of the audience. Rev. Mr. Alkire concluded the service with a reading entitled "Our Drummer Boy's Burial," a pathetic story of the battle field.
